

# Making your Case for Change

## Making a Case for Change

**What is the problem?**

Remember to be **clear, focused** and **specific**

**How** do you know the **problem exists?**

What is your **evidence?**

What has been the **patient/carer experience?**

How has the **problem affected staff?**

What are the **national** guidelines on the topic?

What are the **local guidelines** saying on the topic?

**How** exactly do you **want things to change**?
